I-CAR ANNOUNCES GOLD CLASS FOR BISSELL'S PAINT & PANEL

I-CAR Australia Gold Class Coordinator Gary Wood today announced that Bissell's Paint & Panel in Noosaville, QLD has been awarded the prestigious I-CAR Gold Class Collision status.

"We are delighted to announce that the team at Bissell's Paint & Panel have achieved I-CAR Gold Class Recognition. We strive to provide Gold Class service and quality repairs for all our clients, and this new accreditation makes it official.

Being committed to a staff training program ensures our staff are trained to the highest level within the collision repair sector. This journey to achieving Gold Class has been a long one, but well worth it! It has been great to have an online training platform to continue training staff and advancing their skills onsite. We also took advantage of the training alliance we have with PPG to provide product specific and environmental training to the refinish department.

Given everything 2020 has thrown at us, we have achieved both "State and National Best Boutique Shop" in the Australasian Paint & Panel Magazine Awards and we genuinely believe this would not have been achievable without state-of-the-art equipment and quality I-CAR training, enabling us to also hold our Subaru Preferred Repairer status," explained Iain Kippen.

I-CAR, founded in 1979, is an international, not-for-profit, training organization dedicated to improving the quality, safety and efficiency of auto collision repair for the ultimate benefit of the consumer.
